Broyhill ...

a leader in furniture value

When it comes to combining design with value, Broyhill sets the pace. Our market is the great Middle Millions — the millions who comprise the biggest segment of the economy in number and total income. And with large volume buying of materials, more production and efficient operations, we pack

tremendous value into our product. Design and quality, reasonable pricing, completeness of line, excellent relations with retailers, national advertising. These are the reasons the Broyhill product ranks among the most outstanding in the industry. Broyhill . . . a leader in furniture value.
